TYPE OF PERSECUTION: **EXTREMISTS / TERRORIST GROUPS**

SEVERITY OF PERSECUTION: **EXTREME**

Christians in Nigeria face devastating violence from extremist groups, particularly in the north and Middle Belt. Villages are attacked, homes destroyed, and families displaced or killed. Yet amid tremendous loss, the Church continues to worship, serve its communities, and remain faithful.

MEET IDRIS*

ICR x IDOP

A LIFE CHANGED BY JESUS

Idris* came from a prominent Fulani Muslim family and taught Islam. After encountering Jesus, he chose to follow Christ and began sharing the gospel. His family tried to kill him, forcing him to flee. Years later, he was attacked with a machete while preaching and left with lasting injuries. ICR's local partner helped relocate Idris and his family and continues providing medicine, education, and practical support as they rebuild their lives.
