TYPE OF PERSECUTION: **EXTREMISTS / TERRORIST GROUPS**

SEVERITY OF PERSECUTION: **EXTREME**

Years of war and instability have left Christians in Yemen facing displacement, poverty, and growing persecution. Believers risk arrest, imprisonment, and intense pressure for following Jesus. Yet through it all, the underground Church continues to grow and quietly share its faith.

A SERIOUS INJURY

Nasr*, a 14-year-old from a displaced Christian family, suffered a severe leg fracture that required urgent surgery. His family could not afford the treatment, so the local church stepped in and covered the cost of surgery and follow-up care. Two months later, Nasr was walking again. His father said, “We felt God was with us. This help was a mercy for our whole family.”
